Subject: Re Power of Attorney

John,

In regards to my signing of the Patent Application Power of Attorney, I must say that I feel strongly compelled not to sign it. After seeing how little regard you've shown for my contributions and commitment to Artemis in the past. As well as your displayed "Fairness" in dealing with my employment there, I feel no moral obligation to assist you or the company in any way. For these reasons, if you must have my signature I will only consider it if I'm compensated.

Regards,

Rob Laird
